Statistics Courses

The staff of the University Statistics Center provides undergraduate service courses in applied statistics for students from all colleges. These courses are presented at an introductory level to acquaint the student with basic statistical concepts. This service instruction extends to intermediate and advanced graduate-level courses.

Graduate Work

The Department of Economics and International Business offers a graduate program leading to the Master of Science in Experimental Statistics. The Department also offers a graduate program leading to a Master of Arts in Economics or a Master of Science in Agricultural Economics. Interested students should consult the Graduate Catalog, which is available from the Graduate School. For more information call (505) 646-2936.

DEGREE: Bachelor of Business Administration**MAJOR: Management**

OPTION: Human Resources Management

OPTION: Managerial Leadership

OPTION: Operations Management

OPTION: Small Business Management and Entrepreneurship

MAJOR: General Business

OPTION: General Business

OPTION: Entrepreneurship

MINOR: Management**DEGREE: Bachelor of Business Administration****MAJOR: Management**

The Department of Management invites you to consider a major in management. Do you like to work with people? Need help solving people problems at work? Hope to start your own business? Want to run an environmental project? Or a bank, a store, a farm, or a government agency? Are you interested in how people from diverse backgrounds work together to achieve common goals? If you answered yes to any of these questions, you should consider a degree in management. The mission of the department is to prepare graduates, with a Bachelor of Business Administration, for management careers in a broad spectrum of New Mexico, national, and globally oriented businesses. Management graduates work in small and large agricultural, manufacturing, government, transportation, public utility, merchandising, health care, environmental, and communications organizations.

The study of management offers the opportunity to develop skills in utilizing human, physical, and economic resources to achieve organizational objectives. These are important cross-functional skills in today's competitive job market. Students will acquire the skills and knowledge to develop their potential and to lead others in a common mission. Management majors may choose from program options in human resource management, managerial leadership, operations management, or small business management, and entrepreneurship. Every candidate for a management degree must fulfill the following requirements in addition to the general education and other foundation courses and the business core courses (see above). Students will choose one of the four options that follow.

OPTION: Human Resource Management**Major Courses (24 credits)**

MGT 332, Human Resources Management	3
MGT 333, Training and Development	3
MGT 451, Selection, Placement, and Performance Evaluation	3
