**DEGREE: Bachelor of Human and Community Services (BHCS)**

The distance education-delivered curriculum in human and community services is designed for nontraditional, location-bound students, such as those who work or are otherwise occupied on a full-time basis. Because the BHCS is a degree-completion program, it is appropriate for individuals who have already accumulated general education and other college credits. It is particularly well suited for those who may have begun a career in a related field and who wish to continue working while they complete a relevant degree that has the potential to broaden their professional marketability and/or act as a bridge to graduate-level education. BHCS graduates may also seek employment or career advancement in local, state, or national government or other agency positions dealing with human services, such as child and adolescent health services, maternal and infant services, juvenile justice programs, adoption and family services, residential aide services, outreach and mental health services, and neighborhood health centers.

The core requirements for the BHCS degree are designed to provide students with understanding and skills important for work in the community and human services field. To better respond to the diverse interests of program participants, as well as to reflect the broad range of workplaces available in this industry, additional program requirements include the completion of two minors in related fields. You must attain a grade of C or better in all required core courses.

**Minor Requirements**

You must complete two approved minors. One must come from List 1 and the second generally is selected from List 2. If you have a sufficient number of credits, you may request consideration for a minor other than those presented in List 2. Requirements for the minors may be found on-line at www.nmsu.edu/CHSS

**List 1**

- CHSS minors (Complete one minor from this list):
- Community Health
- Environmental and Occupational Health
- U.S.-Mexico Border Health

**List 2**

Interdisciplinary minors and minors outside CHSS (Complete one minor from this list)\*:

- Counseling and Educational Psychology
- Education (nonteacher training)
- Family and Consumer Science
- Gerontology
- Health Administration
- Military Science
- Religious Studies
- Sociology

\*The list of approved minors is updated on a regular basis. Students possessing sufficient hours may request consideration for a minor that does not appear on this list. Any NMSU approved minor can be used.

NOTE: Students completing requirements for this degree will be ultimately responsible to ensure they have completed 54 upper-division credits (300- and 400-level courses) and they have completed a minimum of 128 total semester credits.

## NURSING

Associate Professor Mary M. Hoke, department head

Associate Professors Hurst, Keele, Pase, Schultz, Ryberg; Assistant Professors Borges, Keller, Mann, Mullins, Robbins, Sizemore, Williams (505) 646-3812

**DEGREE: Bachelor of Science in Nursing**

NMSU's Department of Nursing offers a Bachelor of Science in Nursing (B.S.N.) degree. The degree plan provides three options to accommodate either the beginning nursing student, the beginning nursing student with a baccalaureate degree in another field, or the returning registered nurse. Students in the beginning categories are eligible to take the NCLEX-RN examination for licensure as a registered nurse upon completion of their program studies. Option three is designed for the registered nurse who wishes to complete a B.S.N.

The Bachelor of Science in Nursing degree program is approved by the New Mexico Board of Nursing and accredited by the Commission on Collegiate Nursing Education (CCNE). Approval by the New Mexico Board of Nursing is required for graduates to be eligible for the National Council Licensing Examination for licensure as a registered nurse. Accreditation by the CCNE assures prospective students and employers that the program has met national education standards.

**Requirements for B.S.N. Program Admission**

Requirements and procedures to follow for admission to the four-year B.S.N. program are as follows:

- 1) Obtain admission to NMSU as a regular student.
- 2) Contact the nursing adviser in the College of Health and Social Services Dean's office for complete Nursing Program information and advisement.
- 3) Satisfy NMSU basic academic competency requirements in English and math.

- 4) Complete all course work in Semesters 1, 2, and 3 before final admission to the nursing major.
- 5) Prerequisite science courses must have been completed within the past seven years.
- 6) Achieve a grade of C or better in each nursing prerequisite course.
- 7) Achieve a minimum cumulative GPA of 3.0 .
- 8) Applicants will be considered for admission to the nursing major during the fall or spring semester of anticipated completion of prerequisite course work or after prerequisite courses are completed. Applicants for fall semester admission may not finish prerequisites in the summer session immediately preceding the fall semester in which they wish to be admitted.
- 9) Submit an official application to the four-year B.S.N. program to the College of Health and Social Services Dean's office by March 1—for consideration for fall admission to the nursing major September 1—for consideration for spring admission to the nursing major

NOTE: Admission is competitive. Priority for admission will be given to applicants with the highest GPAs in the required prerequisite course work, to those applicants who have completed prerequisite course work at NMSU, and/or to those who have not repeated a prerequisite course or courses where a D or F was earned.

Any applicant not admitted to the nursing major may reapply. The department is exploring moving to annual admission in the future.
